SMARTPALATE

Software Installation Guide

CompleteSpeech

1. Uninstall your current version of the SmartPalate software, if previously installed.

2. Click **HERE** to download the installer, or copy this link to download:

   https://s3.amazonaws.com/completespeechsite/SmartPalate+Software/SmartPalate+Software.zip

   Be sure to save the file to your computer.

3. Find the folder "SmartPalate+Software.zip" that you downloaded and saved on your computer. This will usually be in the Downloads folder.

4. Unzip the folder "SmartPalate+Software.zip" by right clicking and selecting "Extract All."

5. Within the extracted folder, find and open the folder "SmartPalate Software."

6. Double click "setup.exe" to run the installer.

7. Follow the on-screen prompts and finish the installation.

   • Note: the installation confirmation will not display automatically. Once the installer has finished, a blinking orange icon will appear in the task bar, usually at the bottom of your screen.

   • Click the this icon to pull up the final screen, then click OK.
