

Group	Family (taxon)	Scientific Name	Common Name	Distribution	
Bats	Vespertilionidae (Vesper bats)	Chalinolobus gouldii	Gould's Wattle Bat	Common	
		Chalinolobus morio	Chocolate Wattle Bat	Uncommon	
		Falsistrellus mackenziei	Western False Pipistrelle	Unknown	
		Nyctophilus geoffroyi	Lesser Long-eared Bat	Moderately common	
		Nyctophilus gouldi	Gould's Long-eared Bat	Unknown	
		Nyctophilus major	Western Long-eared Bat	Moderately common	
		Vespadelus regulus	Southern Forest Bat	Common	
		Mollosidae (Mastiff bats)	Mormopterus kitcheneri	South-western Freetail-bat	Uncommon
			Tadarida australis	White-striped Freetail-bat	Common
Mammals	Tachyglossidae (Echidnas)	Tachyglossus aculeatus	Echidna	Uncommon	
		Dasyuridae (Dasyurids)	Antechinus flavipes	Mardo or Yellow-footed Antechinus	Moderately common
			Dasyurus geoffroyi	Chuditch or Western Quoll	Unconfirmed Recorded in surrounding area
			Phascogale tapoatafa	Wambenger or Brush-tailed Phascogale	Unconfirmed Recorded in surrounding area
			Sminthopsis gilberti	Gilbert's Dunnart	Unconfirmed Recorded in surrounding area
			Peramelidae (Bandicoots)	Isoodon obesulus	Quenda or Southern Brown Bandicoot

Macropodidae (Kangaroos and wallabies)	Macropus fuliginosus	Western Grey Kangaroo	Common
	Macropus irma	Western Brush Wallaby or Black-gloved Wallaby	Uncommon
	Setonix brachyurus	Quokka	Unconfirmed Recorded in surrounding area
Phalangeridae (Possums)	Trichosurus vulpecular	Common Brushtail Possum	Moderately common
Burramyidae (Pygmy-possums)	Cercartetus concinnus	Mundarda or Western Pygmy-possum	Uncommon
Muridae (Rats and Mice)	Mus musculus	House Mouse	* Locally very common Urban edges
	Rattus rattus	Black Rat	* Locally common Urban edges
Leporidae (Rabbits and hares)	Oryctolagus cuniculus	European Rabbit	* Locally common Farmland edges
Canidae (Foxes and dogs)	Vulpes vulpes	European Red Fox	* Locally moderately common Mostly urban and farmland edges
Felidae (Cats)	Felis catus	Feral Cat	* Unknown Evasive but probably common
Suidae (Pigs)	Sus scrofa	Feral Pig	* Uncommon Common in surrounding open and wetland areas
Cervidae (Deer)	Dama dama	Fallow Deer	* Unknown Historically known, no recent record
Bovidae (Cows)	Capra aegagrus hircus	Feral Goat	* Scarce Common in adjacent gorge

Frogs	Hylidae (Tree frogs)	Litoria adelaidensis	Slender Tree Frog	Locally scarce or rare Wetlands in park and surrounding area
		Litoria moorei	Motorbike Frog or Western Bell Frog	Locally scarce or rare Wetlands in park and surrounding area
	Limnodynastidae (Large ground frogs)	Heleioporus eyrie	Moaning Frog	Locally scarce or rare Wetlands in park and surrounding area
		Heleioporus inornatus	Whooping Frog	Locally moderately common Wetlands in park and surrounding area
		Limnodynastes dorsalis	Pobblebonk or Western Banjo Frog	Unknown Recorded in surrounding wetlands
	Myobatrachidae (Small Ground Frogs)	Crinia georgiana	Quacking Frog	Locally moderately common Wetlands in park and surrounding area
		Crinia glauerti	Clicking Frog or Glauert's Froglet	Locally scarce or rare Wetlands in park and surrounding area
		Crinia pseudinsignifera	Bleating Froglet	Unknown Recorded in surrounding wetlands
		Geocrinia leai	Ticking Frog or Lea's Frog	Locally moderately common Wetlands in park and surrounding area
		Pseudophryne guentheri	Crawling Toadlet or Günther's Toadlet	Locally scarce or rare Wetlands in park and surrounding area
Reptiles	Carphodactylidae (Geckos)	Underwoodisaurus milii	Southern Barking Gecko	Locally moderately common Wetlands and rock outcrops
	Diplodactylidae (Geckos)	Crenadactylus ocellatus	Clawless Gecko	Rare
		Diplodactylus polyophthalmus	Speckled Stone Gecko or	Moderately common

		Spotted Sandplain Gecko	
Gekkonidae (Geckos)	<i>Gehyra variegata</i>	Tree Dtella or Variegated Dtella	Locally moderately common Rock outcrops
	<i>Christinus marmoratus</i>	Marbled Gecko	Moderately common
Pygopodidae (Legless lizards)	<i>Aprasia pulchella</i>	Pretty Worm Lizard	Scarce
	<i>Delma fraseri</i>	Fraser's Legless Lizard	Rare
	<i>Lialis burtonis</i>	Burton's Legless Lizard	Uncommon
	<i>Pygopus lepidopodus</i>	Common Scaly Foot	Unknown Recorded in nearby lowland
Agamidae (Dragon Lizards)	<i>Ctenophorus ornatus</i>	Ornate Dragon	Locally rare Rock outcrops
	<i>Pogona minor</i>	Bearded Dragon	Moderately common
Egerniidae (Skinks)	<i>Egernia kingii</i>	King Skink	Locally uncommon Wetlands and rock outcrops
	<i>Egernia napoleonis</i>	Salmon-bellied Skink	Scarce or Uncommon
	<i>Lissolepis luctuoso</i>	Western Swamp Skink	Unknown Recorded in nearby swamps
	<i>Tiliqua rugosa</i>	Bobtail	Common to moderately common
Eugongylidae (Skinks)	<i>Acritoscincus trilineatus</i>	Western Three-lined Skink	Rare
	<i>Cryptoblepharus plagiocephalus</i>	Fence Skink	Very common to common
	<i>Menetia greyii</i>	Grey's Skink	Very common
	<i>Morethia lineoocellata</i>	Western Morethia	Unknown

			Recorded in surrounding area
	Morethia obscura	Southern Morethia	Very common
Sphenomorphidae (Skinks)	Ctenotus delli	Dell's Skink	Rare
	Ctenotus fallens (inornatus)	West Coast Ctenotus	Rare
	Hemiergis initialis	South-western Earless Skink	Common
	Lerista distinguenda	South-western Orange-tailed Slider	Uncommon to moderately common
Varanidae (Monitors or goannas)	Varanus gouldii	Bungarra or Gould's Monitor	Uncommon
	Varanus rosenbergi	Rosenberg's Monitor	Unknown Recorded in surrounding area
	Varanus tristis	Racehorse Monitor	Uncommon to moderately common
Typhlopidae (Blind snakes)	Anilius australis	Southern Blind Snake	Common
	Anilius pinguis	Fat Blind Snake	Unknown Recorded in heavy soil area
	Anilius waitii	Waite's Blind Snake	Uncommon
Boidae (Pythons)	Morelia spilota imbricata	Carpet Python	Uncommon
Elapidae (Front-fanged snakes)	Acanthophis antarcticus	Southern Death Adder	Locally rare Dense leaf litter near wetlands and rock outcrops
	Notechis scutatus	Tiger Snake or Western Tiger Snake	Rare Recorded near wetland areas

	<i>Parasuta gouldii</i>	Gould's Whip Snake or Gould's Hooded Snake	Uncommon
	<i>Parasuta nigriceps</i>	Black-backed Snake	Uncommon
	<i>Pseudechis australis</i>	Mulga Snake	Unknown Recorded in surrounding area
	<i>Pseudechis affinis</i>	Dugite	Moderately common
	<i>Simoselaps bertholdi</i>	Jan's Banded Snake	Rare
Non- passerine Birds	Casuariidae (Cassowaries and emu)	<i>Dromaius novaehollandiae</i>	Emu Rare
	Anatidae (Ducks, geese and swans)	<i>Tadorna tadornoides</i>	Australian Shelduck Scarce Breeding June to August
		<i>Chenonetta jubata</i>	Australian Wood Duck Uncommon Breeding October
		<i>Anas superciliosa</i>	Pacific Black Duck Scarce Breeding September
	Phasianidae (Pheasants and fowl)	<i>Pavo cristatus</i>	Common Peafowl * Rare Probable aviary escapee
	Threskiornithidae (Ibises)	<i>Threskiornis molucca</i>	Australian White Ibis Rare visitor
		<i>Threskiornis spinicollis</i>	Straw-necked Ibis Rare visitor
	Ardeidae (Egrets and herons)	<i>Ardea pacifica</i>	White-necked Heron Scarce visitor
		<i>Egretta novaehollandiae</i>	White-faced Heron Scarce

			Breeding July
Phalacrocoracidae (Cormorants)	Phalacrocorax melanoleucos melanoleucos	Little Pied Cormorant	Rare visitor
Accipitridae (Eagles and hawks)	Elanus axillaris	Black-shouldered Kite	Scarce
	Hamirostra isura	Square-tailed Kite	Scarce but regular visitor
	Hieraetus morphnoides	Little Eagle	Scarce
	Aquila audax	Wedge-tailed Eagle	Scarce
	Accipiter fasciatus fasciatus	Brown Goshawk	Scarce
	Accipiter cirrocephalus cirrocephalus	Collared Sparrowhawk	Scarce
Falconidae (Falcons)	Falco berigora berigora	Brown Falcon	Rare
	Falco cenchroides cenchroides	Australian Kestrel	Rare visitor
	Falco longipennis longipennis	Australian Hobby	Rare visitor
	Falco peregrinus macropus	Peregrine Falcon	Rare Single record
Rallidae (Rails)	Gallirallus philippensis mellori	Buff-banded Rail	Rare Single record
Turnicidae (Button-quails)	Turnix varius varius	Painted Button-quail	Rare
Columbidae (Pigeons and doves)	Columba livia	Domestic Pigeon	* Scarce exotic
	Spilopelia chinensis tigrina	Spotted Turtle Dove	* Rare exotic

	<i>Spilopelia senegalensis senegalensis</i>	Laughing Turtle Dove	* Scarce exotic
	<i>Phaps chalcoptera</i>	Common Bronzewing	Common or moderately common Breeding August
Cuculidae (Cuckoos)	<i>Chrysococcyx basalis</i>	Horsfield's Bronze Cuckoo	Rare visitor
	<i>Chrysococcyx lucidus plagosus</i>	Shining Bronze Cuckoo	Uncommon to moderately common Breeding parasite late August to December
	<i>Cacomantis pallidus</i>	Pallid Cuckoo	Scarce
	<i>Cacomantis flabelliformis flabelliformis</i>	Fan-tailed Cuckoo	Moderately common visitor Breeding parasite
Tytonidae (Barn owls)	<i>Tyto javanica delicatula</i>	Eastern Barn Owl	Rare
Strigidae (Owls)	<i>Ninox boobook boobook</i>	Southern Boobook	Rare or uncommon
Podargidae (Frogmouths)	<i>Podargus strigoides brachypterus</i>	Tawny Frogmouth	Rare or uncommon
Aegothelidae (Owlet-nightjars)	<i>Aegotheles cristatus cristatus</i>	Australian Owlet-nightjar	Uncommon
Apodidae (Swifts)	<i>Apus pacificus pacificus</i>	Pacific (Fork-tailed) Swift	Scarce visitor
Halcyonidae (Tree kingfishers)	<i>Dacelo novaeguineae novaeguineae</i>	Laughing Kookaburra	Moderately common * Naturalised exotic from Eastern states, Breeding August to November
	<i>Todiramphus sanctus sanctus</i>	Sacred Kingfisher	Moderately common Breeding October to November
Meropidae	<i>Merops ornatus</i>	Rainbow Bee-eater	Uncommon

(Bee-eaters)			Breeding late October to early December
Psittacidae (Parrots)	<i>Calyptorhynchus banksia naso</i>	Forest Red-tailed Black Cockatoo	Moderately common to common Breeding March to December
	<i>Calyptorhynchus funereus</i>	Yellow-tailed Black Cockatoo	* Rare Probable aviary escapee
	<i>Calyptorhynchus baudinii</i>	Baudin's Cockatoo	Moderately common to common
	<i>Calyptorhynchus latirostris</i>	Carnaby's Cockatoo	Moderately common to common Breeding February to June
	<i>Cacatua roseicapilla</i>	Galah	Moderately common # Naturalised outside native range, Breeding July to November
	<i>Cacatua tenuirostris</i>	Eastern Long-billed Corella	Scarce to moderately common * Naturalised exotic from Eastern states, Breeding August to November
	<i>Cacatua sanguinea</i>	Little Corella	# Rare Probable aviary escapee
	<i>Trichoglossus moluccanus</i>	Rainbow Lorikeet	* Uncommon Introduced exotic
	<i>Parvipsitta porphyrocephala</i>	Purple-crowned Lorikeet	Scarce to uncommon visitor
	<i>Platycercus elegans</i>	Crimson Rosella	* Rare Probable aviary escapee
	<i>Platycercus spurius</i>	Red-capped Parrot	Common Breeding August to November
	<i>Platycercus zonarius</i>	Australian Ringneck	Moderately common to common Breeding August to November
	<i>Platycercus icterotis icterotis</i>	Western Rosella	Uncommon to moderately common Breeding September to November

		<i>Neophema elegans</i>	Elegant Parrot	Uncommon to moderately common
		<i>Polytelis anthopeplus</i>	Regent Parrot	Rare
Passerine Birds	Climacteridae (Australasian treecreepers)	<i>Climacteris rufus</i>	Rufous Treecreeper	Uncommon Breeding November
	Maluridae (Australasian wrens)	<i>Malurus elegans</i>	Red-winged Fairywren	Moderately common
		<i>Malurus splendens splendens</i>	Splendid Fairywren	Common to moderately common Breeding December
	Meliphagidae (Honeyeaters)	<i>Gliciphila melanops</i>	Tawny-crowned Honeyeater	Scarce to uncommon Breeding November
		<i>Acanthorhynchus superciliosus</i>	Western Spinebill	Common to very common Breeding late July to November
		<i>Lichmera indistincta indistincta</i>	Brown Honeyeater	Common Breeding August to December
		<i>Phylidonyris novaehollandiae</i>	New Holland Honeyeater	Common to very common Breeding July
		<i>Phylidonyris niger gouldii</i>	White-cheeked Honeyeater	Uncommon to very common Breeding May to July and September to October
		<i>Melithreptus brevirostris leucogenys</i>	Brown-headed Honeyeater	Scarce
		<i>Melithreptus chloropsis</i>	Western White-naped Honeyeater	Moderately common
		<i>Anthochaera lunulata</i>	Western Little Wattlebird	Moderately common Breeding July to September
		<i>Anthochaera carunculata</i>	Red Wattlebird	Uncommon to moderately common Breeding August to December

	<i>Gavicalis virescens</i>	Singing Honeyeater	Scarce or Uncommon
	<i>Ptilotula ornata</i>	Yellow-plumed Honeyeater	Scarce
Pardalotidae (Pardalotes)	<i>Pardalotus punctatus punctatus</i>	Spotted Pardalote	Moderately common to common Breeding August to September
	<i>Pardalotus striatus westraliensis</i>	Striated Pardalote	Common to very common Breeding August to December
Acanthizidae (Australasian warblers)	<i>Sericornis frontalis maculatus</i>	White-browed Scrubwren	Locally moderately common
	<i>Smicronis brevirostris</i>	Weebill	Scarce or Uncommon
	<i>Gerygone fusca fusca</i>	Western Gerygone	Common Breeding September to mid-December
	<i>Acanthiza apicalis apicalis</i>	Broad-tailed Thornbill	Moderately common Breeding August to November
	<i>Acanthiza inornata</i>	Western Thornbill	Common to moderately common Breeding late August to early February
	<i>Acanthiza chrysorrhoa</i>	Yellow-rumped Thornbill	Uncommon Breeding October to December
Artamidae (Woodswallows)	<i>Artamus cinereus melanops</i>	Black-faced Woodswallow	Rare Breeding in surrounding area August to November
	<i>Artamus cyanopterus</i>	Dusky Woodswallow	Uncommon to moderately common Breeding December and possibly earlier
Cracticidae (Songshrikes)	<i>Cracticus torquatus torquatus</i>	Grey Butcherbird	Uncommon or scarce
	<i>Cracticus tibicen dorsalis</i>	White-backed (Australian) Magpie	Moderately common to common Breeding July to October

	<i>Strepera versicolor plumbea</i>	Grey Currawong	Scarce
Campephagidae (Cuckooshrikes)	<i>Coracina novaehollandiae melanops</i>	Black-faced Cuckoo-shrike	Rare visitor
	<i>Lalage tricolor</i>	White-winged Triller	Moderately common Breeding November
Neosittidae (Sittellas)	<i>Daphoenositta chrysoptera pileata</i>	Varied Sittella	Uncommon Breeding September to November
Pachycephalidae (Whistlers and shrikethrushes)	<i>Pachycephala occidentalis</i>	Western Golden Whistler	Moderately common Breeding late August to December/January
	<i>Pachycephala rufiventris</i>	Rufous Whistler	Uncommon Breeding October to December
	<i>Colluricincla harmonica rufiventris</i>	Grey Shrike-thrush	Moderately common Breeding late August to December
Dicruridae (Drongos)	<i>Rhipidura leucophrys leucophrys</i>	Willie Wagtail	Rare
	<i>Rhipidura albiscapa preissi</i>	Grey Fantail	Common Breeding August to December
	<i>Grallina cyanoleuca</i>	Magpie-lark	Scarce Common breeder in adjacent farmland
	<i>Myiagra inquieta</i>	Restless Flycatcher	Rare visitor
Corvidae (Crows)	<i>Corvus coronoides perplexus</i>	Australian Raven	Common Breeding mid-July to late October
Petroicidae (Australasian robins)	<i>Eopsaltria australis griseogularis</i>	Western Yellow Robin	Uncommon Breeding August to November
	<i>Eopsaltria georgiana</i>	White-breasted Robin	Rare

	<i>Petroica boodang campbelli</i>	Scarlet Robin	Common Breeding August to November
	<i>Petroica goodenovii</i>	Red-capped Robin	Rare visitor
Hirundinidae (Swallows and martins)	<i>Hirundo neoxena</i>	Welcome Swallow	Scarce
	<i>Petrochelidon nigricans nigricans</i>	Tree Martin	Uncommon to very common Breeding August to November
Zosteropidae (White-eyes)	<i>Zosterops lateralis chloronotus</i>	Grey-breasted White-eye (Silvereye)	Common to very common Breeding September to November
Dicaeidae (Flowerpeckers)	<i>Dicaeum hirundinaceum hirundinaceum</i>	Mistletoebird	Scarce or Uncommon
Estrildidae (Finches)	<i>Stagonopleura oculata</i>	Red-eared Firetail	Scarce

* Introduced species

Native species naturalised beyond original range
