By
Share your heart

Everybody needs someone to talk to, someone who listens patiently, without being judgmental and helps them find their own answers to their problems. Personal counseling is a working relationship in which you, your family or loved ones are helped to explore and manage the ups and downs in your life. The help and understanding Counsellors provide can help you enjoy your studies and ease the pressures of School life

The school counselor's primary task is to help students become better learners by providing a comprehensive program that includes responsive services, individual planning, systems support, and a guidance curriculum.

K-12 counseling and guidance services are available to all students, not just those in a crisis situation.
