

Disposal of Church Property SOP

Adopted July 11, 2019

A ministerial team, group, or staff member will identify items that are no longer needed. A ministry team member, director, or the Church Council will decide the fate of an item depending upon its value. If a value is difficult to determine, a member of the Church Council should be involved. We are hoping that common sense will prevail in determining the fate of an item. Guidelines are as follows:

- 1) Value up to \$50 - fate of the item determined by any ministry team member.
- 2) \$50 - \$200 - fate of the item decided by the ministry team lead in conjunction with their director
- 3) \$200 and up - fate determined by Church Council

If the item is to be sold or made available at no cost, an announcement will be made in the FCC Newsletter and run for one month.

Money gained through the sale of items is able to go to the general budget or a specific item/ project as directed by the Church Council.
