

SOP – BULLETIN BOARDS
PASSED SEPTEMBER 14, 2022

Bulletin boards included in this policy include all bulletin boards the office level of the building (upper level), the bulletin board on the stairs between the upper and lower level of the building, and the cork strip on the hallway walls in the upper level. Bulletin boards on the level of Koeffler Hall (lower level) are reserved for the use of Tri-Skills.

The bulletin board behind the sign-up table in the narthex is designated for official church information and notices. Everything displayed on that board will be posted by the office.

The Director for Congregational Care will be responsible for assigning all other Bulletin Boards. Any Ministry Team may request the use of a bulletin board from the Director for Congregational Care on an ongoing or one-time basis.

The Director will designate an area where community events, the activities of other churches or notices of member activities can be posted. Those notices must be dated and in line with the purposes of FCC and will be removed after thirty days or the event has occurred. The Director or Congregational Care can remove any non-conforming notice.
