

SOP – COMMUNION POLICY
Passed November 8, 2023

Communion is to be offered to anyone believing in Jesus Christ.

Any member of the congregation, having been properly trained by the pastor and/or communion ministry lead, may preside, serve, or set-up for a communion service.

Any person setting up communion should confer with the minister to determine the date and method that communion will be offered.

Any member of the congregation, having been trained, may preside over communion to members of the church who are permanently or temporarily confined to their home or a medical facility. Members who preside may use a service provided in the Pilgrim Hymnal or Hymns of the Pilgrim People or may use a service of their own wording.

Any member of the congregation may set-up, serve, or preside at communion for those attending services at senior living facilities.
