[ShareThis](#) – a widget to add to your website for others to share your website

The most efficient marketing approach for sharing your story is to make it easy for others do it for you.

1. Create a Community Page on your website and add City, County and Local Links.
2. Make a list of people with whom you currently do Business and ask them to Share a link on their website back to your website's Community link page.
3. Ask me for other tips and tricks to make your website more visible and easy to find.

Oh and don't forget to purchase your own name as a domain name and email address !

Perfect example is <http://www.DigitalCarGuy.com> is my website
and Thomas@DigitalCarGuy.com is my email address!

Go to [123BrandMe.com](#) and get started.
