Dear Reader,

My name is Cayci Jean and I have been in love with special effects makeup since I was twelve years old. Shortly after discovering special effects, I discovered Cinema Makeup School and knew instantly that I wanted to attend that specific school. Twelve years later I can now proudly say that I am a graduate from that very school! The last seven years of my life have been dedicated to getting myself out to Los Angeles to attend Cinema Makeup School, and now that I have, it is time to focus my time and dedication on the next steps in my career!

I am excited to write to you today, as this is step one in my journey to learn all that I can from everyone that I can to become the best special effects artist I can be. My work experiences have equipped me with the ability to work efficiently in a fast-paced environment, collaborate effectively with others, and pay close attention to detail. The opportunity to work on diverse projects and contribute to the overall visual impact of productions is something that excites me greatly. I am eager to bring my unique perspective and skills to your team and contribute to the continued success of your projects in any way that I may be honored to be a part of. I look forward to the opportunity to discuss how my background, skills, and enthusiasms align with the needs of your team and company!

Thank you for your time!

Cayci Jean
