

Lassen COVID-19: Incident Command

Lassen County
Public Health 

Press Release
FOR IMMEDIATE RELEASE

DATE: 1/15/2021
Time: 8:30 am
RELEASE #: 1 of 1

SUBJECT: Vendor Change for COVID-19 Testing

The State has contracted with a new vendor, OptumServe, to keep the free drive-thru COVID-19 testing available. OptumServe will replace Verily as the provider and was awarded funding by the State for this purpose. The drive-thru will continue to be located at the Lassen County Public Health building, 1445 Paul Bunyan Road, however, OptumServe will be bringing in their own team. The testing schedule is listed below:

- Every Wednesday 7am-7pm

Please note, you must register online at <https://lhi.care/start>. If you have previously had a test at LCPH, you will need to re-register since this is a separate vendor.

Contact your healthcare provider for more information about COVID-19 testing options. For additional questions regarding OptumServe, please visit <https://lhi.care/covidtesting/faq>.

LCPH will continue to provide COVID-19 Contact Tracing to contain and prevent the transmission of COVID-19.

If you feel like you or someone you care for is exhibiting symptoms, please call the Call Center at Public Health (530) 251-8100 Monday – Friday, 8am – 5pm.
