**Subject: Week #39 Membership Report**

Hello!

Another week in the books! Thank you for all your efforts to reach your members to get them to renew. We are currently at 91.50% for membership. We still have almost 3800 members to renew so they aren't left behind at the end of this membership year.

Congratulations to the following Posts for achieving 100% membership!

- Spirit Post 452
- Rhineland Post 7
- Osseo Post 324
- Tigerton Post 239

When completing the Post Data Reports, it is vital to have a **phone number** and **email** listed as well as a **correct mailing address** (one where someone checks it weekly) and a **physical building location OR meeting location**. In the absence of this information, you will be contacted by Connie for it. This information is needed to contact someone at the post and to give information for potential new members to reach out if they want to join. Remember that the deadline to return these is April 15th. Anything returned after this date cannot be guaranteed to be on the next dues reminder.

Consolidated Post/Squadron Reports are due by April 1<sup>st</sup> per Commander Bond. Thank you to all the posts and squadrons that have completed theirs so far.
