Subject: Week # 16 Membership report

Hello,

We are another week into our membership year! The reports are attached.

Congratulations to the new 100% Posts!

- Odanah Post 25
- Cecil Post 392
- Edgerton Post 30

The following link is to businesses that provide year-round veteran discounts - [Year-round Veteran discounts](#)

Attached are flyers about the VA Electronic Health Record Modernization. The Milwaukee VA is transitioning to the new system in January 2027. As a result, the providers have been working extra tight schedules now and informing their veterans that they will be seeing half of the clients during the implementation period due to lessons learned at other sites (More time per patient at first due to the system build being laborious at first to navigate but it gets better over time as the different teams working with the veteran get in sync).

Have you signed up for Midwinter yet? Training courses so far will be: Post Adjutant, Post Commander, County Commander, Generational Leadership, Serveant Leadership for the Legion family, Service Officer training, CPR (Consolidated Post Report), Finance, Historian training, Americanism Programs Clinic (see how to set some programs up!), National Basic (computer required) and more! Don't forget that we are hoping to train more veterans to make poppies. Mark the box when you register so we know how many poppy kits to bring.
