

Thank you for considering us as your party or meeting venue. We have several options for you to consider.

Our Events Room is private and is commonly used for business meetings, birthday parties, showers, bachelorette parties and other events that need some degree of privacy. It can seat up to 35 people for dinner, or it will accommodate 40-50 people for stand up or "mix and mingle" events.

The room can be set up with round, rectangular or tall bistro tables (or any combination). The most common events we host involve wine tastings. We typically provide tables, linens, and wait staff for two (2) hours, but this can vary depending on your situation.

Wine Tasting Options:

- A. A **formal wine tasting** includes a flight of 6 one-ounce samples and a 6 oz glass of wine for a rate of \$15 per person. This is a sit-down tasting where each wine is presented to you and your guests one at a time. The glass of wine at the end is selected from the wines sampled. *You may select the wines in advance of the tasting*, or simply allow us to select the wines from our most popular.
- B. An **informal wine tasting** entails an open bar at which we provide the bottles of wines of your choosing to sample and drink. The server will remain in the room to pour on demand and answer questions. At the end of the event, we will recork any open bottles for you to take home and charge you for all the bottles you have us open. This works well for large groups or for stand-up, "mix and mingle," or come and go events. We also can provide beer or seltzers can or bottle at menu prices.

Food Options: Put A Cork In It offers charcuterie boards consisting of cheese and crackers and light hors d'oeuvres with advanced notice of at least 3 days. We also allow food to be catered by outside caterers or for groups to bring in their own food to their event room parties. If food is catered or brought in, you are responsible for providing your own plates, utensils, napkins, and other supplies. Your caterer may contact us if additional information is needed.

Cost: Effective July 1, there is a \$300 minimum for using our events room. This includes a non-refundable room fee that we pay to the building's landlord. The remaining fee is applied to all food & drinks consumed at the party. (i.e., if your final tab is \$180, we will add an additional \$20 to cover the minimum food and drink charges). The total cost of your event will be presented at its conclusion (preferably on one tab) with sales tax and 20% gratuity added. If your event is a "Dutch" event, there will be tax and gratuity added to each tab. We ask for any changes to your guest count 3 days prior to your event.

Other Options: Tables in our front open seating area can be reserved for groups of up to 12 people. This works well for groups who simply want to do wine tasting while enjoying the normal ambiance of the winery. Groups using this area can either order from the regular menu or do a formal tasting as described in (A.) above. Guests can be billed separately if desired on individual tabs. Guests may also order cheese and crackers from our normal menu offerings. There is no deposit required for this area, however, reservations will only be held for 15 minutes past the time it is made for unless you call to advise us of a change in plans.

Answers to FAQ's:

- Children are allowed in the winery but are not allowed to sit at the tasting bar (State Law).
- We do occasionally rent our entire winery for private events. We request at least one month's notice and rates are negotiable, depending on whether it is during our regular or non-business hours.
- State law prohibits any outside alcohol on our licensed premise.
- We allow you to decorate the events room if you wish, but we kindly ask you to refrain from using glitter and confetti.
