

## VOM XANADU PUPPY APPLICATION

**Our Mission Statement:** Vom Xanadu's mission is to continue to preserve and breed exceptional genetics and sound temperament in working line German Shepherd Dogs, to create lifelong human – dog partnerships that thrive and succeed in purpose and happiness.

Vom Xanadu strives to match puppies and owners with the highest care and consideration. As a potential owner of a carefully bred puppy from a litter of specifically chosen dam and sire, knowing your dog experience, goals, and expectations help make a great match. We temperament test our puppies before matching with owners, to enable the best match for you and your new puppy / dog life partner.

We breed only Working Line German Shepherd Dogs. If you are unsure what this means, please research and/or email/call us to discuss. We do not breed Show Line GSDs. Working lines are bred to work at specific jobs, and can also be excellent ACTIVE family member dogs. Working Line GSD's are a high energy, high drive large-breed dog, one of the most intelligent breeds humankind has fostered, so require a high amount of owner's time daily, individual attention, sufficient DAILY or more exercise, and routine healthcare. A GSD is best as an active dog partner, not a "pet," so please carefully consider what time commitment you are able to provide your next dog.

The application/s purpose is to understand your home setting and dog goals, to make a match so your puppy will thrive as your new lifelong partner. Please consider that we are entrusting you with a puppy from our bitch we have meticulously cared for, helped with whelping, raising and weaning, and we want only the best situation for your mutual happiness with your new dog partner. If a match is made, we hope to see many photos and updates of you and your growing dog for years to come. We offer lifetime breeder support so knowing about your setting and goals enables us to help make a great puppy owner match and a successful lifetime partnership. Please join us in creating that lifelong connection of support by sharing the details that matter to you and your family & dog family.

Thank You for completing your application. This application does not obligate the applicant, or vom Xanadu in any way, and is not an agreement of sale. Every puppy / dog is placed with care through a screening process. While certain behavioral traits may be breed specific, each dog is an individual, as

unique as you and your family. Vom Xanadu strives to add to education about the world-famous German Shepherd Dog, and our goal is to make each placement a happy, lifelong puppy/dog owner partnership.

Kindly return your completed application and Driver's License photocopy via email: [dogs@vomxanadu.com](mailto:dogs@vomxanadu.com) We will call you after reviewing your application to discuss the happy potential for a vom Xanadu puppy to join your life journey soon, or add you to our wait list for an upcoming breeding.

Best regards,

Sunny Collier
