

Finefix Fasteners Inc

Global Reach, Local Expertise – Excellence in Fasteners Industry

Our adherence to international quality standards drives continuous improvement in products and services, enhancing customer trust and satisfaction through increased market competitiveness.

As a STAFDA member, we demonstrate professionalism and credibility in the fastener and tools industry, committed to industry best practices, development, and global connections to enhance competitiveness and customer service.

COMPANY PROFILE

Finefix Fasteners Inc. is an experienced fastener supplier located in Irvine, California, USA. With our own manufacturing plants in China, Vietnam, Malaysia, and Cambodia, we possess a stable and abundant supply chain for the entire range of fastener products. We offer a wide array of fastener solutions, including bolts, nuts, screws, washers, anchors, and rivets, serving multiple industries such as automotive, aerospace, construction, and electronics.

All our products are made from high-quality materials and undergo rigorous quality control to ensure reliability and durability in various applications. We are dedicated to providing innovative solutions for our customers, offering custom services to meet diverse needs.

With a global supply chain and efficient logistics system, we are able to deliver products on time while maintaining competitive prices. We continuously drive technological innovation to deliver superior product quality and exceptional service.

Our goal is to become your long-term partner in the fastener industry, driving industry progress together and achieving outstanding quality and reliable performance.
