Company Overview

FineFix is a professional lock supplier dedicated to providing high-quality security products and services such as padlocks, lock boxes, and more to customers worldwide. Upholding the core values of "Integrity, Professionalism, Security, and Innovation," we strive to lead the market in product innovation, design, and functionality. Our goal is to create industry-leading security solutions while continuing to earn the trust and support of customers globally.

FineFix has successfully developed a range of high-performance security products with extensive applications, including padlocks, lock boxes, and door lock systems, ensuring that each product meets the diverse needs of our customers. Whether for residential, commercial, industrial, or outdoor use, our locking products provide optimal security protection.

Products

Padlocks : Each padlock undergoes strict quality testing to ensure excellent performance even in harsh environments. They are widely used in residential areas, warehouses, logistics, schools, and various public places.

Lock Boxes : Our lock boxes feature unique designs, with high-strength outer materials and intelligent locking mechanisms, offering functions such as water and fire resistance. They are especially suitable for financial institutions, hotels, office buildings, and other similar locations.

Quality, Innovation, and Service

- ✓ Each product strictly adheres to international standards and industry regulations, ensuring high-quality assurance.
- ✓ Made from high-strength alloy steel, stainless steel, and corrosion-resistant materials, guaranteeing exceptional durability for each lock.
- ✓ Precision-engineered and rigorously tested to ensure top-quality and reliability, maximizing security.
- ✓ Several products feature patented technologies, covering lock design, functional innovations, and more.
- ✓ Building on traditional locking mechanisms, we gradually integrate smart technology, advancing product intelligence and enhancing user experience.
- ✓ Customer needs are our priority, offering customized solutions and exceptional after-sales service.

Applications

Residential Security : Providing anti-theft solutions for homes to ensure the safety of family members.

Commercial Security : Offering security protection for various shops and offices to prevent property loss.

Industrial Security : Supplying high-security padlocks and lock boxes for factories and warehouses, safeguarding company assets.

Public Facilities : Providing multifunctional and reliable security products for schools, hospitals, government institutions, and more to protect public property and sensitive information.

Outdoor Security : Designing locks specifically for outdoor enthusiasts, adaptable to various environmental conditions, preventing equipment loss or damage.
