

WATERSIDE BARN

A SENSORY STORY

WATERSIDE BARN is a holiday cottage in Derbyshire.

This is a place, away from my home, that I can stay, sleep, and eat at, and be with my family.

When I arrive at Waterside Barn, outside I may see:

The outside dining table

The Waterside Barn sign and carpark

The outside lounge area

The bubbling hot tub

When I arrive at Waterside Barn, inside I may see:

The inside dining table and kitchen

The upstairs living room

The cosy bedrooms

The large bathrooms

When I arrive at Waterside Barn, I may hear:

The sheep in the field

The bubbling hot tub

A pheasant calling

**The crackling of the fire and
the TV**

Inside Waterside Barn, I might touch or feel:

The soft fluffy blankets

The warmth of the fire

The wooden kitchen table

The smooth worktops

Inside Waterside Barn, I might taste:

The food we cook throughout our stay

The water from the tap

The milk and cheese on arrival

The biscuits, jams, chutney and bread in the welcome pack

When I visit Waterside barn, I might smell:

The cows in the field

The smell of the soap

**The smell of the burning
logs**

**The smell of chlorine in the
hottub**

When I visit Waterside Barn, I might meet a member of the Waterside Barn team...

... who would like to say Waterside Barn is a safe space where you can enjoy time with your friends and family
