1. Copy of both sides of registration certificate
2. Completed Information Sheet
3. Copy of signed breeding contract

Breeding Arrangements

1. Stallion is collected, Monday-Wednesday-Friday. It is the mare owner's and his/her veterinarian's responsibility to confirm our breeding/shipping days.
2. To guarantee shipping, mare owner, or agent, must give at least a 24 hour notice of possible semen shipment required, and confirm shipment definitely required 12 hours prior to actual shipment.
3. Every effort will be made to accommodate your mare's breeding time-frame; however, it is the mare owner's responsibility to keep in touch with Rudd Quarter Horses, so that your veterinarian and ours can get your mare in foal on a timely basis. Failure to adhere to these arrangements may result in missed heats and delayed shipments, at the mare owner's expense. A veterinarian knowledgeable in successful insemination techniques must oversee off site inseminations, in order to maximize the potential of a timely pregnancy.
4. If a mare dies or is deemed unfit to breed during the breeding season, a substitute mare, approved by the stallion owner, may be bred without any additional breeding fee. A new breeding contract must be filled out and sent to Rudd Quarter Horses for the new mare.
5. The mare owner agrees to have the mare checked by ultrasound no later than 18 days after insemination. If ultrasound is unavailable, mare owner agrees to have the mare checked for pregnancy by licensed veterinarian within 30 days of insemination. Mare owner agrees to provide Rudd Quarter Horses, with the results of the pregnancy exam no later than 30 days after insemination.
6. Live foal guarantee: A live foal is defined as one that will stand and nurse. If foal is born dead, mare owner agrees to furnish the stallion owner within 7 days a veterinarian's certificate describing the occurrence. In such a case, return privileges will be available for one year only. Rebreeds must pay the re-breed booking fee, fill out a new breeding contract and pay any shipping charges applicable. If the mare aborts or fails to conceive, she may return during the current breeding season. If it becomes too late to re-breed a mare during the current season, she may be bred the following year.
7. The breeding season for this contract shall begin April 1 and close July 1, of the year dated on contract.
