Expert Testimony Agreement

Expert Testimony is a separate service than an evaluation or counseling experience with the client and is therefore a separate fee. Please consult with Mr. Fletcher for the fee schedule. Testimony is a prepaid and nonrefundable service. It is nonrefundable because testimony takes many hours of preparation, research, consultation with your attorney, and usually a cancellation of an entire day of scheduled clients. In the event that court is cancelled within 24 hours of the scheduled date for ANY reason other than weather (including factors out of your control such as attorney reschedules, judge absences, prosecutor delays, etc) the fee is nonrefundable and a new fee is required before the next court appearance.
