

Changing Lives. Building Inclusion. Empowering Possibilities.

Fenixia Foundation is dedicated to helping children, teens, and adults with intellectual and developmental disabilities—and their families—thrive by providing diagnostics, resources, interventions, and opportunities that build brighter futures in communities around the world.

“ Community Voices

“William now considers himself happy and excited. Three years ago he described himself as lonely.”

— Amanda Dahl

“This program has significantly enhanced our lives.”

— Teri Andresen

“Fenixia has developed deep roots within this community.”

— Dakota Brown

“ Fenixia Foundation showed the importance of collaboration. The Occupational Therapist, Speech Therapist, Special Educational Teacher and Developmental Pediatrician gave concrete ideas that all of us could take back to other families with special needs.”

— Febe Matthews,
Parent & Special Needs Advocate
of Davao City, Philippines

Our Story

2016

Our first outreach mission took place in Mati, Philippines. In just four days, our volunteer team assessed 180 children and trained 230 parents and teachers—revealing the urgent need for essential services and the powerful difference we could make.

Today

Fenixia Foundation, Inc. is a U.S. nonprofit 501(c)(3) run 100% by volunteers. We partner with medical and therapy professionals in the U.S. and the Philippines to deliver life-changing outreaches, training, equipment, and community programs.

Beyond Borders

We provide webinars and trainings worldwide for families, caregivers, and educators—helping them support individuals with intellectual and developmental disabilities at little or no cost.
