PAYMENT METHOD AND TERMS OF PAYMENT

The application fee is due upon initial enrollment. PMCI accepts cash, checks, cashier's checks, credit cards and money orders as forms of payment. Payment of the application fee does not guarantee a spot in the program. **A minimum refundable \$2000 down payment is due before class starts, for books and supplies. If books have been purchased there is a \$150 return/handling fee to return them.** Payment plan options offered by PMCI are detailed on page 4. If payment is not received according to the agreed upon payment plan, the student will not be allowed to start class or continue in the program, unless prior payment arrangements have been made with the school's Director or Finance Office. Failure to pay any balances according to the chosen plan may result in suspension from the program until payment(s) (including applicable late fees) are made. In addition, the student will not be cleared to take the NCLEX-PN Exam nor be allowed to walk at graduation.

While PMCI does not currently offer Title IV funding through any federal or state government program, the student will have the responsibility to repay the full amount of the loan plus interest, less the amount of any refund. If the student defaults on a federal, state, or personal loan both the following may occur:

- (1) The federal or state government or a loan guarantee agency may pursue action against the student, including applying any income tax refund to which the person is entitled to reduce the balance owed on the loan.
- (2) The student may not be eligible for any other federal student financial aid at another institution or other government financial assistance until the load is repaid.

In the event of defaulted payments, the undersigned student may be denied continuance until the remaining balance and any applicable late fee charges are fully paid. Additionally, students may be liable for any and all expenses for recovery of due payments including but not limited to attorney's fees, collection agency fees and other administrative costs.

The undersigned student promises to pay the program fee according to one of the five payment options established by PMCI. The student understands the total tuition fee must be completely paid before the student can be cleared of financial obligation with PMCI's nursing program. Any default of installment payments (ANY late or missed payment) is in violation of this enrollment agreement and will be the basis for dismissal from the course, ineligibility to receive the forms to take the NCLEX PN Exam and ineligibility to walk at the graduation ceremony. The student also understands that any **RETURNED CHECKS will be subject to an additional \$35.00 processing fee (per check)** payable to PMCI. Acceptable replacements for any returned check and subsequent installment payments will be in Cash, Money Order or Credit Card until tuition fee balance is paid in full. Any student who pays late or has a check returned NSF will be required to pay in full before NCLEX PN paperwork or transcripts will NOT be released. **Any payments received after the due date will incur a late fee of \$45.00 that is added to the account monthly. Those who are more than one week past-due may be suspended or terminated from the program for non-payment. Students will be notified prior to suspension or termination from the program.**

LIQUIDATED DAMAGES RELATED TO DEFAULT AND MATERIAL BREACH OF CONTRACT

Upon completion of the Vocational Nursing program at PMCI and after PMCI has performed all of their obligations under the Enrollment Agreement by providing the undersigned student with the agreed upon nursing education; and also, if the student leaves with a monetary balance, the student shall be responsible for continual remittance of monthly payments pursuant to the installment agreement addendum and personal guarantee incorporated herein by reference. The parties hereto acknowledge and agree that failure to pay the agreed monthly sums due under this Agreement(s) for more than 90 days shall constitute a default and material breach of this Agreement giving rise to liquidated damages and not penalties. The parties further acknowledge that (i) the amount of loss or damages likely to be incurred by PMCI is incapable or is difficult to precisely estimate, (ii) the amounts specified bear a reasonable proportion and are not plainly or grossly disproportionate to the probable loss likely to be incurred by PMCI and (iii) the parties have understood the terms of this Agreement

and were negotiated at arm's length. Accordingly, the student agrees to pay liquidated damage at three times the balance amount owed under this agreement. The Default Amount, together with all other amounts payable hereunder, shall immediately become due and payable, all without demand, presentment, or notice, all of which hereby are expressly waived, together with all costs, including, without limitation, legal fees, and expenses of collection, and PMCI shall be entitled to exercise all other rights and remedies available at law or in equity.

JURISDICTION AND VENUE

This Agreement(s) shall be governed by and construed in accordance with substantive laws of the State of California without reference to choice of law principles thereof. PMCI and the student both expressly agree and consent to the jurisdiction of the State of California for both state and federal courts located in California except for Small Claims matters. PMCI and the student both expressly agree and consent that the exclusive venue for the resolution of any dispute relating to the subject matter of this Agreement shall be in the state and federal courts located in Ventura County, California.

STUDENT TUITION RECOVERY FUND

Student's rights and responsibilities with the respect to the Student Tuition Recovery Fund. It is now a state requirement that a student who pays his or her tuition is required to pay a state-imposed assessment for the Student Tuition Recovery fund.

“The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution, who is or was a California resident while enrolled, or was enrolled in a residency program, if the student enrolled in the institution, prepaid tuition, and suffered an economic loss. Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the STRF, or it must be paid on your behalf, if you are a student in an educational program, and prepay all or part of your tuition. You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if you are not a California resident, or are not enrolled in a residency program.”

“It is important that you keep copies of your enrollment agreement, financial aid documents, receipts, or any other information that documents the amount paid to the school. Questions regarding the STRF may be directed to the Bureau for Private Postsecondary Education, 1747 N Market Blvd., Suite 225, Sacramento, CA 95833 Tel: (916) 431-6959 or (888) 370-7586.”

To be Eligible for the STRF, you must be a California resident or are enrolled in a residency program, prepaid tuition, paid or deemed to have paid the STRF assessment, and suffered an economic loss as a result of any of the following:

1. The institution, a location of the institution, or an education program offered by the institution was closed or discontinued, and you did not choose to participate in a teach-out-plan approved by the Bureau or did not complete a chosen teach-out plan approved by the Bureau.
2. You were enrolled at an institution or a location of the institution within the 120 day period before the closure of the institution or location of the institution, or were enrolled in an educational program within the 120 day period before the program was discontinued.
3. You were enrolled at an institution or a location of the institution more than 120 days before the closure of the institution or location of the institution, in an educational program offered by the institution as to which the Bureau determined there was a significant decline in the quality or value of the program more than 120 days before closure.

4. The institution has been ordered to pay a refund by the Bureau but has failed to do so.
5. The institution has failed to pay or reimburse loan proceeds under a federal student loan program as required by law, or has failed to pay or reimburse proceeds received by the institution in excess of tuition and other costs.
6. You have been awarded restitution, a refund, or other monetary award by an arbitrator or court, based on a violation of this chapter by an institution or representative of an institution, but has been unable to collect the award from the institution.
7. You sought legal counsel that resulted in the cancellation of one or more of your student loans and have an invoice for services rendered and evidence of the cancellation of the student loan or loans.
8. STRF Fee: \$0.00 nonrefundable STRF fee. Assessed at \$0.00 per \$1,000.00 of institutional charges.

To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF.

A student whose loan is revived by a loan holder or debt collector after a period of non-collection may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four (4) year period, unless the period has been extended by another act of law. However, no claim can be paid to any student without a social security number or a taxpayer identification number."
