## **Hike Description:**

This hike is rated a 3 ([level guide](#)) because it is **very** hilly for a metro park. Wide stone covered paths. One trail will be grassy so you may want to wear long pants. Mostly shaded, some sun, rather hilly terrain with mature trees and what's left of the original farmstead.

## **Suggested Items to Bring:**

Water, hiking sticks, dress for the weather, etc.

## **Lunch Location:**

None planned, Carol suggested a Mexican Restaurant in Canal Winchester, no reservations have been made, several restaurants in area, can be discussed at the hike.
