**Miles: 5 Level: 2 (5 the hardest)**

### **Driving directions to hike site:**

From I-270 west near Dublin, take U.S. 33 west to State Route 161/Post Road Exit. Turn right onto Post Road, then left onto Hyland-Croy Road. The entrance to the Honda Wetland Education Center is about 1.2 miles on the left. Do **not** stop at the Wetland Education Center. The main park entrance is about 2 miles further north on the left, at the traffic rotary. We will be meeting at the main park entrance. Park near the restrooms and picnic shelter.

### **Hike description:**

Glacier Ridge is a great hike that offers plentiful acres of restored wetlands and prairies.

**Suggested items:** hiking poles, and shoes for asphalt walking.

**Dinner location and directions:** This would be up to the participants; it appears that there are several restaurants to choose from along Post road,

**Hike Leader:** Jim Rousseau

**Hike Sweep:** any volunteers ?
