Hike Description:

This 1100 acre park provides for an easy level 2 hike. A number of years ago it was a nursery and is relatively flat. We will be walking on paved and grassy trails. We will also walk through a beautiful stand of pine trees and another of maples. The rest of the park is very open. We saw numerous Kestrels and there are also Northern Harriers. There is a portajohn at the parking lot and 2/3 of the way through the hike there are modern facilities.

Suggested Items to Bring:

Water, hiking sticks, shoes for blacktop, hats & scarves, especially if windy. Dress for the weather.
