RADIO HELMETS

Thanks to our 2 way waterproof communication helmets, you will learn much faster, and all the instructor real time feedback will be clear to you, in all your lessons, , our KiteWeek will have radio helmets, our instructors will be able to correct and encourage you to succeed on every step from body dragging to water start. The radio helmet is really helpful for communicating with the student, and how to asses any situation , with these helmets your progression will be 3 to 5 times quicker than with no communication systems.

OUR LESSONS

With our certified instructor team you will have the most water-time during your lessons, with one on one support , that means that you will practice more, . Our team will always be close to you so they can help in your progression and we will be standing by your side to asses any situation.

Maximizing your water-time is our goal, and to give you an unforgettable and positive experience is a must , helping you begin a ***new lifestyle*** with safety is the aim of our KiteWeek, we guarantee that your life will be one before kiting and after learning to kite ! , ***This is our passion and we want to share it !***

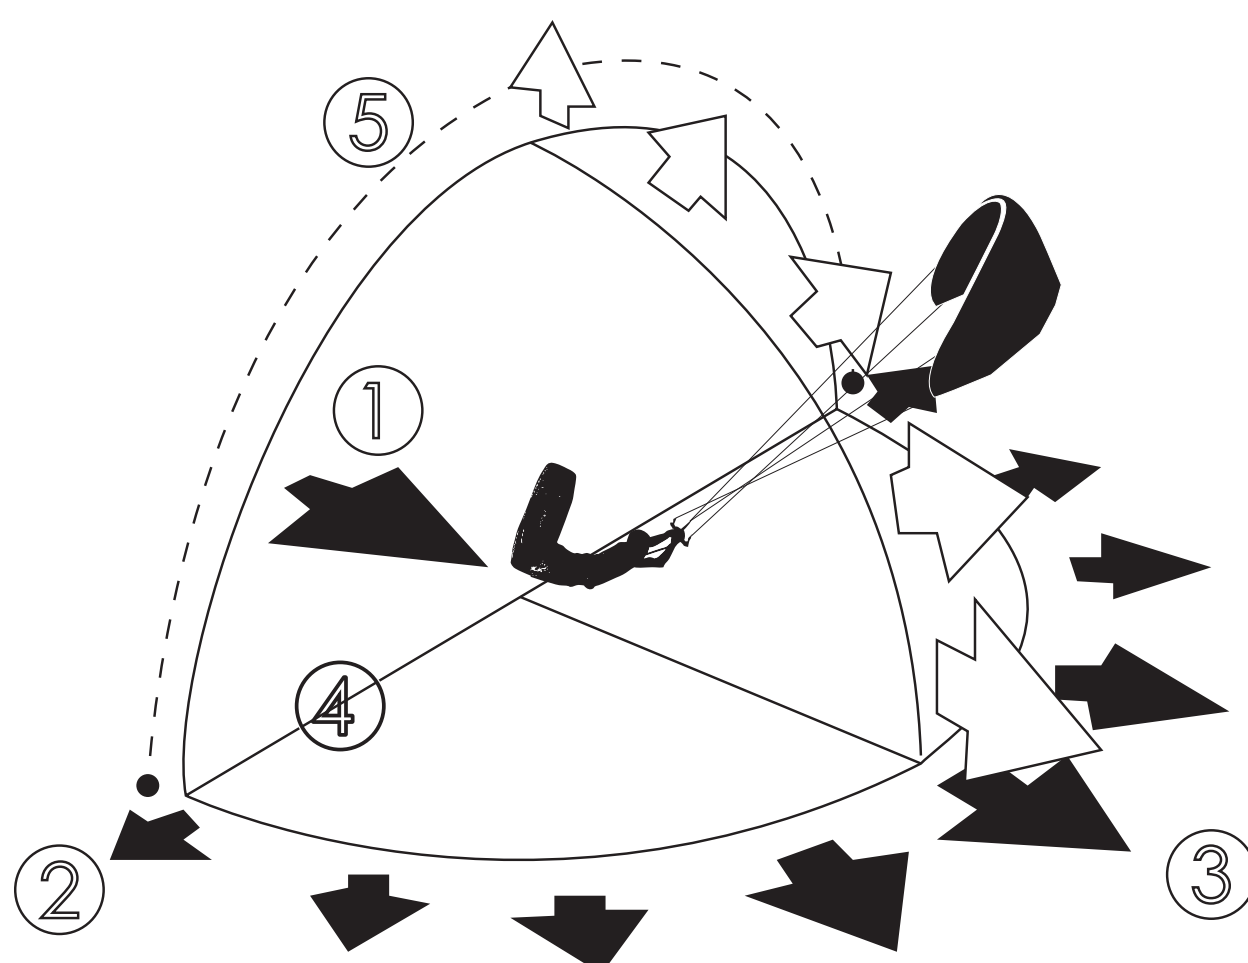

The KiteWeek Yucatán offers shallow clean waters (waist deep) without the need of water support equipment on water, being this one of the most recommended ways of learning.
