PROGRAM

THE BEST OF BOTH WORLDS

Your employees may be eligible for significant subsidies in the marketplace with the changes to the ACA in the American Rescue Plan. Let Xperience Benefits help your eligible employees access these subsidies.

Your employees who make up to \$51,520 for an individual or \$106k for a family of 4, will see even more savings than they did previously.

Then, contribute a small amount to a Benefits Bank that your employees can use to choose from an array of voluntary benefits that help meet their specific needs.

- Telemedicine
- Medical Bridge (GAP)

- Critical Illness
- Life Insurance
- Short Term Disability
- Dental and Vision
- Legal And Identity Theft Coverage

"The American Rescue Plan was recently signed into law. This is the largest expansion of the Affordable Care Act since it was signed in 2010, and the American Rescue plan expands subsidies significantly, both increasing subsidies for those who qualified before and expanding subsidies to people who have never previously qualified.

Plus, there's a new enrollment period, meaning anyone can enroll until August 15th without needing a Qualifying Life Event."
