8:00 AM until 1:00 PM

Dr. Thomas Doan, a local dentist in Sarasota has organized the 21th annual event day of free dental services for people suffering from discomfort that cannot afford treatment. This is a gift offered to the community by our participating team of dentists, surgeons, hygienists, dental assistants and administrative team members in the spirit of the season, so that no one has to wake up with a toothache on Christmas morning.

**Due to the overwhelming need for this service in our community, we will be limiting treatment to one procedure per patient. This will enable us to help a larger number of patients.*
