Presenter:

DR. THOMAS YOON, DEAN LECOM SCHOOL OF DENTAL MEDICINE

Biography

Dr. Thomas Yoon is a Diplomate of the American Board of Periodontology. As a dental educator, consultant and author, Dr. Yoon brings a unique combination of experience and advanced training in periodontology, maxillofacial surgery and hospital dentistry to his profession. He presents regularly at national symposia as a speaker on surgical procedures for general dentists. An expert in the field of dental implants, regenerative surgery and minimally invasive sinus augmentation.

His research and clinical interests include computer-guided dental- implant placement and laser-assisted periodontal therapy. Dr. Yoon speaks on next-generation implant technology and products. His commitment to interdisciplinary thinking builds connections between the sub-specialties of dental medicine and enhances the understanding of the best-practice techniques and new technologies. A graduate of the University of Missouri at Kansas City, School of Dentistry, Dr. Yoon also holds advanced degrees and certifications in Hospital Dentistry, Oral Biology and Periodontology from the University of Florida and Washington University. His surgical training includes fellowships in maxillofacial surgery and an appointment as the chief resident in the Department of Periodontology at the University of Florida. Dr. Yoon currently serves as the Dean at the LECOM School of Dental Medicine in Bradenton.
