

# Uniform Care Instructions

---

- ✓ UNIFORM PANTS AND INSIDE COLLAR OF JACKET – Please wash the pants and inside collar after every performance. Spot treat any stains, wash in the washer, but HANG to dry. DO NOT PUT THESE ITEMS IN THE DRYER. Please press the pants with a cool iron if needed.
- ✓ JACKET AND SASH – DO NOT WASH! If there is an issue with spots or dirt on the sash or jacket during the season, please contact the uniform chairperson. The jackets will be dry cleaned at the end of the season.
- ✓ SHOES – Drill masters must be clean for every show. You can try a damp cloth, baby wipe, or a Mr. Clean magic eraser.
- ✓ UNDERGARMENTS – PLEASE wear white boxers or underwear. Many kids like to wear spandex type shorts/leggings. NO colored underwear or any with designs as you can see these through the pants.
- ✓ T-SHIRT – An ALL white (no markings on the shirt at all please) short or long sleeve tee shirt is required under the uniform jacket. The shirt should not be loose fitting...the snugger the better. Please no camis or any type of sleeveless shirt as the underarm area of the jacket will become stained with perspiration, and there is no way to clean it until the end of the season.
- ✓ SOCKS – Socks must be WHITE and CREW LENGTH OR TALLER. This is extremely important because the socks will show when the kids raise their legs to march.

If you have any questions concerning uniform care please contact the uniform chairperson, Michelle Wright, at 716-201-6774.
