

Group Call with Doxy.me

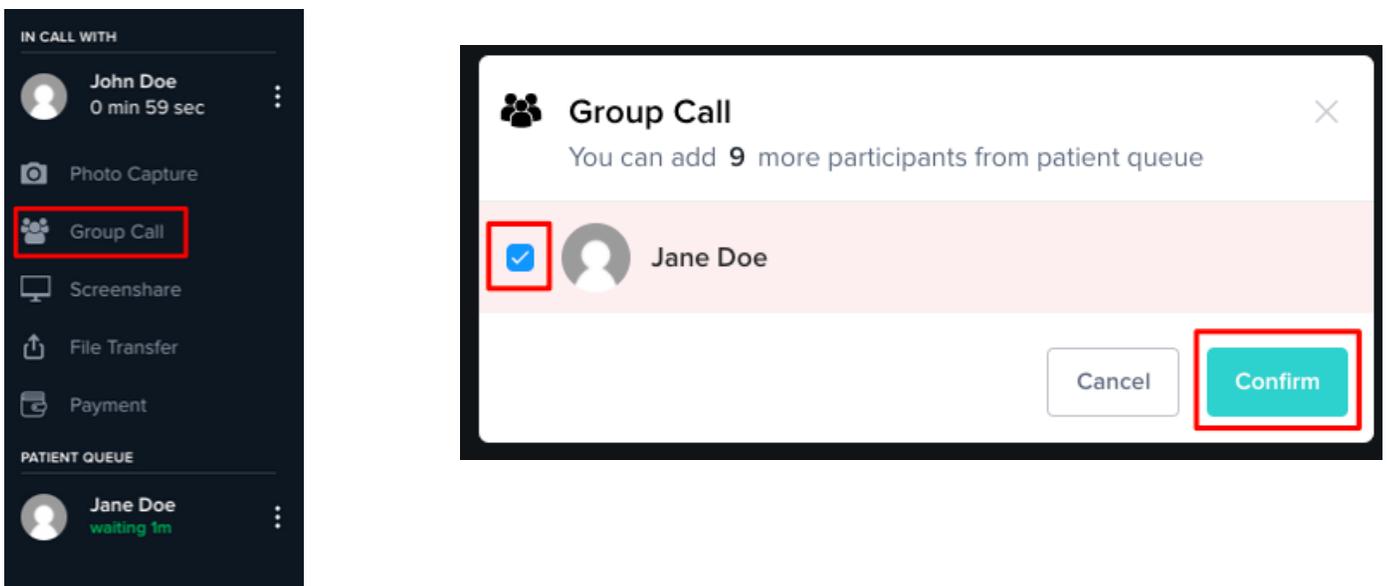

1. Log in to your Doxy.me account.

2. View your Patient Queue. Hovering over the patient's name will show a Start Call button. Click it to start the call.

3. To add another patient/person to the call, click "Group Call". You will be prompted to add anyone who is in the Patient Queue. You can add up to 10 additional people.

4. To end the call for all, click on the red phone. To end call for one person only, click on the three dots next to the patient's name, and "End Call".
