Warehouse

Ditch Costly, Inadequate Equipment

Our intuitive, cutting-edge automation maintains safe and hygienic surfaces.

PUDU MT1

AI Debris Scan & Spot
Automatically discerns and removes waste.

Large-Area IoT Navigation
Covers 14 soccer fields of space daily.

Debris Big and Small
Solid 'cabin-luggage-sized' debris container.

PUDU CCI

4-in-1 Cleaning
Sweeps, scrubs, vacuums, and mops in and under tight spots.

Non-stop Use
Oversized auto-refill tank for extended use.

Multi-floor IoT Mobility
Elevator and fire door integration for multi-floor buildings.

PUDU SH1

Full-cycle cleaning
Heavy-duty suction and pressure forward floors, windows, and countertops.

Eco-Efficient
Cleans 70% faster using 80% less water and chemicals.

Effortless Operation
User-friendly touchscreen and battery replacement.

Want cleaner spaces with less effort and lower costs?
Pudu Robotics makes it happen!
