

Solid Density Kit - SDK11, 12, 13, 14, 15, 16
Liquid Density Kit - WDK200, 201, 202, 203, 204, 205, 250

Density Kit for Solid Test

Suitable for WENSAR make Weighing Balance

SDK11, 12, 13, 14, 15, 16

SOLID DENSITY KIT

Suitable for WENSAR make Weighing Balance

E - Catalogue

A density kit cannot work independently It must be attached with a Analytical / Weighing Balance

Density Kit Pan Holder design perfect fit according Weighing Balance Holder.

HSN : 90160020

Part No. ↓	Density Kit Suitable Model Details
SDK11	TAB1T, KAB4L
SDK12	KAB5L, KAB6L, MAB201, MAB301, HPB201, HPB501, HPB1001
SDK13	TAB2T, TAB3T, EPB6T, EPB7T, EPB8T
SDK14	PGB220, PGB321, PGB211M, PGB201D
SDK15	PGB200, PGB301
SDK16	KAB2L, TAB5T

* Specifications are subject to change without Notice

WDK200, 201, 202, 203, 204, 205

LIQUID DENSITY KIT

Suitable for WENSAR make Weighing Balance

A density kit cannot work independently
It must be attached with a Analytical /
Weighing Balance

Density Kit for Liquid Test.

Suitable for WENSAR make Weighing Balance

LIQUID DENSITY	
NAME	DENSITY
Water (25°C)	0.997
Water (4°C)	1.000
Alcohol	0.78
Kerosene	0.82
Mercury	13.60

WDK250
LIQUID DENSITY KIT

Suitable for Other make Weighing Balance

Density Kit for Liquid Test.

Suitable for Other make Weighing Balance

E - Catalogue

WDK250 Density Kit Suitable for other make Weighing Balance, If weighing pan less than 125mm.

If Weighing Balance not having Density function facility, Customer have to calculate manually.

A density kit cannot work independently. It must be attached with a Analytical / Weighing Balance

Density Kit for Liquid Test.

HSN : 90160020
