

Shawn Juber
Superintendent at Alpha Iron

June 1, 2018, Shawn was a client of Lee's

Lee came into our shop and worked wonders on our QMS. He was able to overhaul our old system so that everything we needed for AISC was in one manageable location. He then spent time with each department, coaching us to be more of a fluid team. Lee was instrumental with our audit prep. We breezed through with zero corrective actions and the auditor was impressed with the overall organization.

Kudos to Lee for setting us up for success. He has allowed us to reach out for advice and responds promptly. We are fortunate to have him as a resource and are all thankful to have his expertise at our disposal.

Regards,
Shawn Juber
Superintendent
Alpha Iron LLC
