Manual Lymphatic Massage

£65

Reduces fluid retention, enhances immune function, relieves stress.

Belly Blast

£70

Is a mix of different techniques such as wood therapy, cavitation, brazilian sculpting massage and radio frequency. The treatment is tailor made for you.

Cavitation and Radio Frequency

£75

Ultrasonic cavitation tones that shape the body, using radio frequencies and low-frequency ultrasonic waves, by breaking the fat deposits and promoting inch loss.

Radio frequency treatments can help reduce wrinkles, skin tightness, improve the skin's overall appearance, and increase collagen production in the face and body. This treatment covers one area.

Post Operative Care/MLD Massage

£85

This technique is particularly useful as part of post-cosmetics surgery, helping with oedema, and fibrosis, and relieving pain and tension.

Post-op care is not only a few MLD massages, it's more than that, and consists of many different techniques such as mld, K- taping, laser therapy, ultrasound, radio frequency, and bio-quantum energy healing.

Bio Slimming treatments can be added onto a Lymphatic Massage to cover one area.
