

DC Voters:

Do YOU know how to vote in our Two-Winner At-Large Election?

1 Vote for your favorite candidate 1st

Tip: Vote your Values, Regardless of Party

Don't vote strategically. Vote for your **actual** favorite candidate 1st because your vote **stays** with your 1st choice until they're eliminated.

2 Rank your backup choices - if you have them! Only rank candidates you support.

3 If your 1st choice loses (comes in last place), your vote moves to your next choice.

This continues until the Top Two Candidates are elected.

The voting experience is the SAME as a wingle-winner RCV election

Remember: 1st Ranks Matter

If a candidate gets many 2nd choice ranks, and few 1st choice ranks, they will be eliminated.

Example votes:

Consider this example: The Nationals got LOTS of 2nd choice ranks, but the fewest amount of 1st choice ranks.
