

## *Over 2100 unnamed babies*

Over 2,100 dismemberment abortions of live, unborn children since the court order of June 30, 2015 that challenged the live dismemberment abortion ban claiming there is a right to an abortion in the Kansas State Constitution.

The law now forbids live dismemberment of a cow, horse, calf, hog, mule, or sheep unless it is rendered incapable of feeling pain. The courts have barred the state legislature from giving similar humane protection to unborn children.

## *What can be done?*

Here's how you restrain judicial activism!

- a. Vote judges out - 50% plus 1 votes the judges on the ballot out of office
- b. Impeachment - Requires a majority of the House of Representatives and 2/3s of the Senate
- c. Constitutional Amendment - Requires 2/3 of the House and Senate and a majority vote of the public. Constitutional amendment process starts as a resolution that has to pass both chambers with a super majority, 2/3 vote YES - 27 in the Senate and 84 in the House. After the resolution passes, then the Kansas voters will vote the amendment up or down. The language for the amendment is contained in the resolution as is the election day it will appear on the ballot.

*It's a grass roots effort and it's time to be bold and make a stand.*
