REVIEWS

"Eliason's Shelby (*Steel Magnolias*) is a deceptive powerhouse of determination encased in fragile beauty, worthy of a membership in the clan of feminine survivors suggested by the play's title."

- LA TIMES

"Immensely absorbing. The cast is excellent. [For] the skeptical New York currency analyst Claire --played with smoothly irritating do-good charm by Eliason--doubt comes before faith." (*Proof*)

- SYDNEY MORNING HERALD

**Irene Ryan Award (BEST ACTRESS) American College Theater Festival*
