

Mission Swing & Anchor

Indigenous and Early American European Settlers

Mission Swing & Anchor is a missionary volunteer program dedicated to community service, cultural education, historic preservation, and volunteer projects connected to Indigenous peoples and early American European settler communities.

The program brings volunteers together to learn, serve, preserve local history, support communities, and participate in meaningful service projects.

Our mission includes honoring Indigenous peoples and early American European settlers, preserving historic communities and traditions, educating future generations, and providing missionary volunteer projects that serve local communities.

Missionary Volunteer Projects

Our volunteer projects support:

- Community service
- Historic preservation
- Cultural and heritage education
- Youth volunteer programs
- Local community assistance
- Environmental stewardship
- Service to families and communities

Mary Bella's seeks to bring faith, education, history, service, and community together through programs that preserve heritage while serving the public.
