

## **Union of Saints**

### **OSIRAM Energy**

OSIRAM energy pushes into our lives. They come with ugly words meant to devalue, distract, or deceive. Their mouths stay open with harsh tongues, they say whatever they please without care for the person or the effect. They rush into our lives so quickly that we often do not realize they are there until we hear them hiss at us.

OZIRAH is not a serpent. OZIRAH is god, goddess, sea and sun, present in all. OZIRAH represents truth, deep knowing, wisdom, love, peace, and balance. They are the keepers of their sons and daughters and they stand for justice. Their tongue is not harsh unless they are calling our spirit back to our Great Honor, to Heaven's power and mercy.

Know the energy. OZIR~A~HISM raises us, goddess and god as our a beacon, the sea, the triangle, or pyramid of heaven, the sun.
