

ACLU OUT OF MAINE!

We want you out of our state! Out of our homes! Out of our country!

You are a modern warfront, Holocaust, genocide, and terror machine! Far from being a political movement, you are killing American culture!

Leave us alone!

WE DEMAND YOU LEAVE OUR STATE!

By “modern Holocaust,” we mean the intentional destruction of a people, carried out through mass instrumental migration and the failure to prevent violent criminals from targeting American communities. By “genocide,” we mean the destruction of an established population and its culture through population replacement and forced cultural assimilation. By “terror machine,” we mean the destabilization of the United States, the disruption of peaceful communities, and the mass cultural shock and dissonance caused by these policies, including crimes against humanity through forced foreign population assimilation.

The ACLU treats American lives as a political game. We want the ACLU out of Maine!

Modern KKK supporters! The ACLU has committed an atrocity and a crime of our times!

END THE WAR ON AMERICAN LIVES! TREASON AND BETRAYAL! ACLU OUT OF MAINE!
