Alternatives to Citizen

(Conversation Corrupted)

If you're tired of the comments, arguments, rumors, and people speculating on Citizen, there are a few alternatives worth trying.

Here are my recommendations:

Best alternatives to Citizen

1. Neighbors by Ring

My first recommendation

- Local crime and safety alerts.
- Reports of suspicious activity and emergencies.
- Community posts and videos.
- Still has community interaction, though.

  Visit Neighbors

2. PulsePoint

- Fire and EMS incident alerts.
- Emergency activity nearby.
- No Citizen-style public discussion feed.
- Coverage depends on participating local agencies.

  Visit PulsePoint

3. Scanner Radio

- Listen to police, fire, and EMS radio feeds.
- No comment section to deal with.
- Availability depends on local radio feeds.

  Find local scanner feeds

4. SpotCrime

- Crime maps and incident reports.
- Focuses on crime information rather than conversations.
- Not necessarily real-time.

  Visit SpotCrime
