“It’s not the police’s fault. It really isn’t. They want to do something. It’s the Board of Police Commissioners and the Board of Supervisors.” — Dean Preston

Honduran Gangs — Deport: They Are Actively Committing Crimes of War

This is “ghettoization” and manufactured genocide. Modern diaspora and economic collapse. It is active warzoning of the California state and cities.

I believe the public should pursue every lawful avenue for accountability, including legal action against the city and state, seeking federal intervention, and pursuing the removal or impeachment of public officials for gross negligence and dereliction of duty.

It’s heartbreaking. I was in San Francisco in 2009, and I remember it as one of the most beautiful cities I had ever visited. I will never forget eating farmers’ market fruit on the cobblestone streets.
