"Many are unaware, but 'Welcoming America' and refugee settlement were prioritized over housing for Americans in many places. In fact, it may surprise some, but now some of these same refugees are suing the same people who are attempting to create housing for Americans. This is the Islamic Society Movement, as well as the Jewish Federation Movement, Chinese Communist Movement, and Hispanic Federation Movement, which have greatly complicated what it means to be American today. Many 'refugees' also bring with them drugs like fentanyl, which creates 'the strange drug and homeless culture' we are witnessing throughout the United States. It is unfortunately much by design. First, the 'snake' moves through, then the diseased 'ring' and 'open air' starts to take form. We could call them a few things: 'destabilization cycles,' 'modern WW3 ghettoization,' 'Institutionalized Migration Complex,' or the 'Snake-and-Ring Movement.' Have you ever seen the image of the snake eating itself? *It is very much by design.*"

Leon Trotsky

Trotsky was a major **Bolshevik (Russian War Overseas)** revolutionary and one of the principal organizers of the **1917 Russian Revolution**. He also helped organize the Red Army and played a major role in the Bolshevik victory in the Russian Civil War. He was a Marxist and instrumental in both the Bolshevik Revolution and the defeat of its opponents. ([PBS](#))

The relevance to Americans comes later:

- **Trotsky advocated international socialist revolution**, rather than limiting communism to Russia. His writings explicitly criticized the American labor movement for what he regarded as accommodation with capitalism and advocated revolutionary transformation. ([Marxists Internet Archive](#))
- His followers established an organized **Trotskyist movement in the United States**. In 1928, American Trotskyists formed the Communist League of America; it later merged with the American Workers Party and eventually developed into the Socialist Workers Party. ([Department of Justice](#))
- Trotsky subsequently worked with American revolutionary organizers, including **James P. Cannon and other leaders of the American Trotskyist movement**. ([Wikipedia](#))
- The **Fourth International**, founded by Trotsky and his followers in 1938, was explicitly an international revolutionary organization. Its American section was the Socialist Workers Party. ([Wikipedia](#))

Trotsky was himself a persecuted political exile from the Soviet Union and was ultimately assassinated by a Stalinist agent in Mexico in 1940. ([INEHRM](#))
