

“Bend the Arc” or “Tipping Point” Mass Instrumental Migration

French families are being attacked by *migrants*. Unfortunately, this is the reality in many places in Europe today. As with many places, the media is owned by a select few, and with their own strategic goals (*for themselves*), so it is important to *remember* who you are, your soul, and your truth, within your own heritage and cultural wavelength, and not the spirit of those who are hateful towards you, foreign and have their own goals for European and Western American territory. In other words, don't buy the BS. It's a territory war, with components of WW3, no less.

Where migrant violence against innocent natives starts to take a “stronghold:” About 20%.

~23.2% of France's population is first- or second-generation immigrants.

47% have an African origin — about 3.74 million.

31.9% have a Maghreb origin — about 2.55 million.

7.7 million immigrants, while only **6.0 million people were foreign nationals**.
