

The bullying of the Amish in New York.

Vaccine injury is not a made up thing. I speak as a 100% disability rated veteran. Vaccines can change the way our bodies process proteins and can cause a myriad of problems. Veterans are a unique community in which we receive an assembly line of vaccines, and we have a unique history of both forced vaccines and vaccine illness.

🚩 New York Democrats already ran off a million residents. Now they are trying to run off the Amish too!!!

About 25,000 Amish still live in New York. Their one-room schools do not take state money. Albany still treats them like a public-health crime scene.

Three plaintiff schools, Shady Lane in Clymer, Pleasant View in Heuvelton, and Dygert Road near Canajoharie, have been hit with \$118,000 in Health Department fines for refusing 24 to 27 required shots that their faith forbids.

Every Amish school in the state is in the same vise. The religious exemption d*ed in 2019 under Cuomo after a measles outbreak in other communities. Medical exemptions stayed. Faith did not.

Miller v. McDonald already went to the Supreme Court once. The justices sent it back. The Democrat-heavy Second Circuit doubled down on June 30 and called the claim without merit.

Lawyers say a new petition goes up next month. Wisconsin v. Yoder said the Amish way of life is not a hobby the state can sand down. Albany did not get the memo.

This is the same New York that lost more than a million people to other states since 2020, the worst proportional decline of any state. Net domestic outflow in 2024-25 was about 137,000. Tax filers have left for a decade.

They go to Florida and Texas because taxes, crime, and lectures got too expensive. Families who grow their own food, educate their own kids, and ask almost nothing of the welfare state are next on the list.

If you cannot leave the quietest Christians in America alone, you do not believe in religious liberty. You believe in compliance. Stand with the Amish. Let them live.

#NewYork #Amish

This is an atrocity. The Democratic movement is a holocaust for the American people. I said what I said.

👍 🗨️

Profiting off of “forced,” vaccines: This is force, fraud and coercion: It is medical slavery by the state.

Enact national emergency for *political conspiracy* to commit *genocide and holocaust* against the American people.
