Source: <https://www.egyptimmigration.org/faq/what-archaeological-evidence-exists-to-show-that-the-hebrews-were-ever-slaves-or-even-just-lived-in-egypt#:~:text=There%20is%20no%20direct%20or%20conclusive%20archaeological%20evidence,Israelites%20%28as%20a%20distinct%20ethnic%20group%29%20as%20slaves.>

Union of Saints advises that this historical retelling is best approached through empirical analysis conducted by archaeologists and scientists, rather than solely through a heritage or religious lens and perspective. Cultural and religious traditions may introduce biases that form majority interpretations, particularly after thousands of years of historical retelling and periods of Egyptian historical erasure. This journey dates back to prehistoric times, and this extraordinary span of human history deserves our respect and thoughtful reflection.
