Neo- “Democratic” Bullying and Intimidation of Americans:

On June 8, 2026, 119 congressional Democrats issued a letter condemning the caucus, which they labelled Islamophobic.^[2]

→ Yet the Neo-Democrats actively attack Americans, wage war against the American way of life, commit acts of terrorism, arson, fraud, and crimefare, and join whatever caucus they so please. They are conceited, anti-American-racist, torturing, narcissistic, tyrannical, self-glorifying, energy-vamping jerks and bullies, who are relentlessly targeting Americans and savagely eating away at the American way of life. You cannot wage war against the American people and then tell them how to behave, too. That's slavery used as a weapon of war. Some things don't change, but they sure do “progressively evolve” into a fourth-generational war and catastrophe. The Neo-party needs to be brought to its knees.

Democrats have become nothing but pro-slavery, weaponized mass-migration and war instruments at the heart of activating World War III. This is what happens when self-aggrandizing people win through psychopathic, evil and ratchet mob rule. These experiences were not “compassion,” but a deliberate attack against the American people. They call it democracy, yet it replaces democracy with BARBARIC VIOLENCE, CRIME, WARFARE AND GENOCIDE. This party has supported atrocities against the American people that are unspeakable. They have committed treason and have even claimed that America is a foreign country, and that Americans should “give their land back” to people who are not even from here!

They hold their cameras up in fits of anger and revenge, cutting through the soul of the American people in Cold War rage. They glorify and celebrate murderers. They commit acts of armed robbery on steroids. They neglect cities to the point of economic collapse and diaspora, manufacturing war zones. They hoist foreign flags, burn our flag, and parade against the American people. They target our military, public servants, even our firefighters, even our churches! They are electing people from foreign countries who are actively committing acts of war against the American people. They have become an enemy to the USA and need to be brought to their knees.

Many of us used to vote and be a part of this party. We were targeted by “this party.” We were tormented, oppressed and victimized. We had to run for our lives! We were afraid of being stalked, spied upon, blackmailed, trafficked, becoming victims of crimefare, dehumanization via cancel culture, foreign spies, Kompromat, anti-creation and eugenics activism, treason, militarization, severe misogyny and modern slavery. They are not the good party they claim to be. The good party left and was replaced by a domestic and foreign war front.

What happened to Democrats? They were forced out or sold out. Today, they are The People's Republic of China, The Russian War, The ME (Middle East) Replacement, the extremists, the warfarists, the communists, and all of the components of war are present. They are the former activists of WWII and their descendants; they are the genesis of World War III.

Where were Democrats when Americans were suffering from foreign atrocities as a result of modern holocaust-supporting policy? Forcing us to take meds? To cover our faces. To stop loving one another and to remain six feet under, I mean a part? Digging graves for organs?

They were supporting the war against innocent Americans. This is the political position they have chosen. No they are not so chosen, they had to commit mass fraud in order to gain their political positions, they had to steal the American vote. It wasn't the only thing they stole.

*Here is the truth: They are either completely oblivious, groomed, or they are just plain an enemy to the American people. They have become a spiritually evil mob supporting treason and barbaric atrocities against the US citizenry. Remember how beautiful our country was before the pandemic? All good? What happened, **anyways**?*

In Summary: Sorry! The truth hurts! We know, we've been living it! We have been witnessing Americans perish by the weapons of foreign savages and the monster has shown its ugly heart.

*They need to be removed from power, impeached, and removed from their political seats for supporting modern warfare against the American people. If they are actively fighting our national security and defense, they are not qualified, they are **certified**. They are the enemy of the United States of America. **They are a war front.***
