Irish & French Catholic Targeting

By the KKK

→ The KKK and secret societies used the King James Bible as a form of Catholic cultural erasure and targeting.

(They targeted Stella, women, and the Santas, the Celts, and the Natives.)

This history is not widely discussed because it is "shh," hushed.

Today, the KKK is most widely recognized for targeting Black and Jewish communities. This can also contribute to historical erasure.

Be French, be Celtic, share your culture proudly and fluently, **support each other**.
