

Jeannette Vargas

A descendant of Puerto Rico, Jeannette Vargas, has just placed our nation in jeopardy.

It has become clear that the Democratic group she is a part of has no concern for the safety of the American people. This type of personality poses a grave danger to our nation during a time of great security risk and foreign war. This ban was not implemented because of racism, as Jeannette's rock-bottom and disturbing claim suggests. It was implemented because we needed a safety reprieve after mass foreign invasion, violence and warfare. I feel this was a treasonous breach; "struck down" doesn't cover it. **She should be impeached immediately.**
