“We are from Canadia.” “This is our country.” “We are owner of this country.” “You are from Europe.” “Go back to Europe.” “Go back to England.” “You are not Canadian.” “This is our country now, you are invaders.”

It should not be tolerated, and they should be deported immediately and told never to return. They are not protesting, they are committing acts of war against our people. They are posing a risk to the American and Canadian people. They are part of the realm and movement of “*modern derangement*” against the American and Canadian people of North America. They must be deported and banned *immediately and indefinitely*.
