

Chabad Lubavitch Tunnels

*Where Have We Seen This Name Before? **Chabad-Lubavitch***

***"The Russian Movement:"** That used violence to target other Jews. The violent mob who threatened rape repeatedly against women. The males at mass in black, that forcibly filmed others against their will, in **cold war rage**.*

*We wonder, are they a part of the Blamesovj+ movement? Are they the modern Bolsheviks? Or perhaps the **extreme** polarity on the opposite spectrum?*

*And then we remember, **the tunnels**.*

We know they support pedophilia. We know they support animal sacrifice. We know they promote and support, the rape of women.

*Let's get real. They are not any sort of **American religion, or church**, they are a **violent movement**.*

A mob of men. Violent attacks against women. A tunnel. A bloody bed.
